Thank You and So Long to a Very Special Compatriot

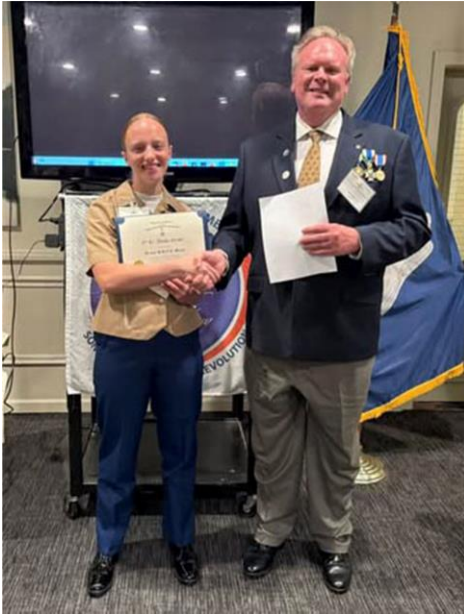

At the June Chapter Meeting, we said thank you to U.S. Navy Commander Shawn Michael Cloud. Just a few years ago, Shawn was inducted into SAR through our chapter. In spite of his full-time as U.S. Navy ROTC Commander and Instructor at Southern University for LSU and Southern Cadets, Shawn found the time to serve the community by routinely participating in chapter events and meetings. He was always ready to lend a hand where needed and we always knew he was having a great time doing so. Since Shawn is active duty, it was more difficult to acquire the SAR War Service Medal for his service on active war fronts. But Registrar Dr. Derrick Spell got it done and we were able to award him the medal at the June Chapter Meeting. Shawn has since moved his family out of Louisiana due to another assignment. He will be sorely missed by all in GPT-SAR Chapter. We wish him every success and know we will hear of him again, as he joins another SAR chapter and resumes his contributions. Thank you, Shawn, for your service to this Nation and to SAR!

First Annual Flag Day Celebration Held

The GPT Chapter put together a moving ceremony to observe **Flag Day** on June 14th. The event was held at the Old State Capitol in the Legislature Hall. The beauty and splendor of the historic Old Capitol was a fitting backdrop for the gathering, which featured our Color Guard presenting/retiring the Colors, Eddie Vaughn giving a fact-filled history of our Flag, Norm Bacon provided additional anecdotal facts and stories about the history of Flag Day. President Bledsoe read a proclamation from Baton Rouge Mayor-President Sid Edwards, and Sgt. Matt Strong of the LSU Army ROTC Cadre spoke on the 250th Anniversary of the U. S. Army and respect for the Flag.

‘Charters Of Freedom’ Exhibit in Development

An Outdoor Display of Our Founding Documents

To be located at Capitol Park Museum Grounds

Due to the initiating efforts of LASSAR, arrangements are now underway with Lt. Governor Billy Nungesser and Foundation Forward, Inc. for the installation of a permanent outdoor display of America’s Charters of Freedom. The attractive granite exhibit will contain bronze replicas of our nation’s founding documents displayed similarly to the National Archives exhibit in Washington D.C.

The outdoor exhibit will contain life-size bronze depictions of the Declaration of Independence, the United States Constitution, and the Bill of Rights. These three founding documents are known as: The Charters of Freedom. An additional pedestal will display the nation’s Civil Rights Amendments. There will also be a vault for a time capsule, as well as a donors’ pedestal

honoring those who contribute meaningfully to the installation of the exhibit. Although the display is a gift of Foundation Forward, Inc., an educational, nonprofit organization that builds Charters of Freedom settings in communities across the country, there will be a **fundraising campaign** in support of the foundation’s mission and to help **pay it forward for Louisiana’s second display**, potentially in the Lake Charles area. Our thanks to Steve Kubicek, 3rd VP, Past Chapter President, and current LASSAR State Secretary for his work with the various groups and for this article.

These photos are artistic renderings of the planned display for the Capitol Park Museum grounds. The photo to the right shows the Capitol Park Museum in the background.
